## EXPERIENCE

### Act Digital, Brazil — Dev Full Stack Sênior

MARCH 2023 - AT THE MOMENT

The challenges at Act Digital led me to explore AWS technologies, and I worked as a full-stack developer using Node.js.

React, Typescript, Next.js, Tailwind, Node.js, AWS,

### FCâmara, Sp - Brazil — Dev Frontend Especialist

JANUARY 2022 - MARCH 2023

I joined FCâmara as a senior front-end developer, tasked with providing consultancy and collaborating within multidisciplinary teams to enhance the products of our various clients.

React, Styled-components, Vite, Cypress

### Zflow, Sp - Brazil — Dev Frontend Sr

JUNE 2020 - NOVEMBER 2021

I actively worked on the development of products for Itaú Bank, where I had an active role in making decisions related to project workflows and business rules.

Vue.js, Storybook, Jest, Cypress

### Decode, Sp - Brazil — Dev Frontend Sr

NOVEMBER 2019 - MAY 2020

I worked as a front-end developer, actively participating in important decisions such as choosing technologies and developing products for the company. I handled clients such as BTG Pactual and Revista Exame.

React, EcmaScript 6, Vue.js, Google AMP, SASS

### Max Comunicação, Ce - Brazil — Dev Frontend Midlevel

## MAIN STACK

React, Node, Next

## SKILLS

Typescript, Javascript, HTML, CSS, GIT, Webpack, React Native, Cypress, Styled Components. Vue, Webpack, SASS, node, AWS

## LANGUAGES

Portuguese - Native  
English - Advanced

AUGUST 2019 - NOVEMBER 2019

I worked at this company as a developer and in customer service, where I developed interpersonal skills, a business perspective, organization, and leadership abilities. The greatest challenge was understanding the problem and arriving at precise solutions.

Wordpress

### **Advance Comunicação, Ce - Brazil — Dev Frontend Midlevel**

DECEMBER 2017 - JULY 2019

At Advance Comunicação, I worked as a Front-end Designer, responsible for building, defining, and maintaining the highest standards of web styling and usability to optimize the performance and rendering of layouts.

Vtex, React, Javascript, Git, Node, Webpack, SASS

### **Ângulo Digital, Ce - Brazil — Dev Frontend MidLevel**

JULY 2016 - NOVEMBER 2017

I was hired as a front-end developer, taking on more substantial projects that required greater responsibility. I actively participated in the prospecting, planning, and development of projects. We established a series of lectures within the company to encourage team growth.

HTML5, LESS, JQuery, Git, Webpack

### **1Line Tech, Ce - Brazil — Dev Frontend Jr**

JUNE 2015 - JUNE 2016

I started as an intern and took the opportunity to learn and develop my front-end skills. I participated in local community events to engage and better understand the projects and technology.

HTML5, CSS3, Bootstrap, Git, JQuery
